

BHAGAVATHI RAJA S

bhagavathiraja.s26@gmail.com — GitHub — LinkedIn — LeetCode — HackerRank

Professional Summary

Results-driven Computer Science Engineering student with skills in Full Stack Development, Data Structures Algorithms, and backend system design. Experienced in MERN stack, Flask APIs, and RESTful services, with a strong focus on building scalable, secure, and production-ready applications. Proficient in database management and Python backend frameworks, with a keen interest in developing efficient solutions and contributing to high-impact engineering teams.

Experience

Backend Developer Intern, DDATA Technologies

Jun 2025 – Jul 2025

- Designed and developed RESTful APIs using Python to improve backend scalability and performance.
- Optimized database queries to reduce response time and improve data processing efficiency.
- Implemented API integration, debugging, and backend architecture improvements effectively.

Frontend Developer Intern, Innomatics Research Labs

Jan 2025 – Feb 2025

- Developed responsive UI components using React.js for better user experience and performance.
- Optimized frontend performance and improved compatibility across multiple web browsers.
- Integrated REST APIs for dynamic rendering and real-time application data updates.

Education

B.E. Computer Science and Engineering

Sep 2023 – Mar 2027

PSNA College of Engineering and Technology — CGPA: 8.2

Higher Secondary Education (12th)

Jun 2022 – Mar 2023

Christian Matric Hr Sec School — 73.1%

Secondary Education (10th)

Jun 2020 – Mar 2021

Christian Matric Hr Sec School

Projects

MoneyMind – Finance Management System (GitHub)

- Developed a scalable full-stack finance management system using React.js and Flask REST APIs.
- Implemented real-time updates, automated interest calculation, and smart due-date tracking features.
- Integrated secure Razorpay payment gateway and Cloudinary cloud storage services efficiently.
- Improved application scalability, backend performance, and overall system architecture optimization.
- Tech: React.js, Flask, MySQL

BS Traders – E-Commerce Web Application (GitHub)

- Built a scalable e-commerce web application with secure authentication and authorization systems.
- Implemented Google OAuth login and automated address detection for better user experience.
- Designed RESTful APIs and optimized backend performance for faster response handling.
- Ensured secure online transactions using Razorpay payment gateway integration services.
- Tech: React.js, Node.js, Express.js, MongoDB

SmartMentor – AI-Based IT Placement Mentor (GitHub)

- Developed an AI-powered placement preparation platform using Machine Learning and NLP techniques.
- Built intelligent recommendation systems and chatbot features using Natural Language Processing.
- Integrated OCR technology for automated text extraction and intelligent content analysis processes.
- Enhanced user learning experience through personalized content delivery and adaptive learning support.
- Tech: React.js, Flask, MySQL

Technical Skills

Languages: Python, JavaScript, SQL

Frontend: React.js, HTML5, CSS3, Bootstrap

Backend: Flask, FastAPI, Node.js, Express.js, REST APIs, API Development

Databases: MongoDB, MySQL, Database Design, Query Optimization

AI/ML: Machine Learning, NLP, LLM, Pandas, NumPy, OCR

Tools: Git, GitHub, VS Code, PyCharm, Postman, Razorpay API

Concepts: Data Structures & Algorithms, OOPS, DBMS, Operating Systems, Computer Networks, System Design

Achievements

- Solved 500+ Data Structures and Algorithms problems on LeetCode.
- Achieved 5-Star rating in Python and DSA on HackerRank.
- Won 2X First Prize in National Technical Symposium.
- Co-Inventor – Patent Application No: 202541127325.
- Research project published in Government Journal proceedings.
- Research project published in Bannari Amman Institute Journal.

Certifications

- NPTEL – Data Structures
- NPTEL – Object-Oriented Programming
- Advanced Diploma in Computer Programming (A++)

Key Skills

- Problem Solving
- Communication
- Teamwork
- Adaptability
- Time Management
